### EXTERNAL EMAIL

Dear FPPC Commissioners, I am writing to make public comment on agenda item 15 for tomorrow's meeting. The Special Investigators of the Enforcement Division have submitted a joint memo to management about this item. In addition to this, the Enforcement attorneys submitted a joint memo of their own. It is hoped that both memos will be provided to each of you. Your directive will have a broad and far reaching impact on the Enforcement Division, and the memos may aid your deliberative process. Acknowledgment of receipt of our memos by the full Commission would be most welcome. Thank you for your consideration of this request.
