**EXTERNAL EMAIL**

Good morning,

I am writing to respectfully request that you make **all** 87200 filings available to the public on your website. Only posting elected officials means that the public must go to more than one place to get the information. Being able to go to one website search and view/print filings is easier for the public and for the Clerks.

Not posting all 87200 filings means that the filing officers must download from your site, upload to our site and maintain links to both the FPPC and our public portal in order for the public to find them. It would be simpler to have a system that transmitted filings down to the various cities/towns much like our systems had to transmit up to yours before AB 1170.

Thank you for your time and consideration of this request.

Roxanne Faber
City Clerk
