**Re: Request for Extension of Conflict of Interest Code Exemption – Independent Emissions
Market Advisory Committee**

Dear Salwa Bojack:

This letter grants your request for an extension of the Independent Emissions Market Advisory (Committee) exemption from inclusion in a conflict of interest code under California Code of Regulations Section 18751.

Based on the information provided in your declaration, there have been no changes to the Committee since the granting of the last extension (i.e., the Committee does not possess decision making authority and is formed for the sole purpose of reporting and making recommendations to another government body).

Under Regulation 18751(g), an exemption expires after two years and agencies must adopt a conflict of interest code, request an extension of the exemption, or submit a new request for exemption. If the nature of the Committee's authority changes and employees and/or members make or participate in the making of governmental decisions, the Committee may need to adopt a conflict of interest code or be added to another agency's conflict of interest code at that time. If you have any questions, please feel free to contact me at 916-322-5660.

Sincerely,

Lindsay Rice
