Mr. John Mulligan Associate Superintendent Business Service Fresno Unified School District Education Center Tulare and M Street Fresno, CA 93721

RE: Your Request for Informal Assistance
Our File No. I-89-569

Dear Mr. Mulligan:

You have requested advice concerning the campaign disclosure provisions of the Political Reform Act (the "Act").1/ Because you are inquiring about the disclosure obligations of another person who has not authorized you to do so, your request for information is considered to be informal assistance.2/

The Fresno Unified School District conducted an informational meeting for candidates involved in the November 7, 1989 school board election. Persons attending the meeting received a packet of printed materials containing general information about the school district and providing a summary of significant educational issues facing the district. Several members of the Superintendent's cabinet made short presentations describing current issues in their area of authority.

You have asked if the candidates attending this meeting are required to disclose on their campaign statements the costs relative to putting on this meeting as a non-monetary (in-kind) contribution?

^{1/} Government Code Sections 81000-91015. All statutory references
are to the Government Code unless otherwise indicated. Commission
regulations appear at 2 California Code of Regulations Section
18000, et seq. All references to regulations are to Title 2,
Division 6 of the California Code of Regulations.

^{2/} Informal assistance does not provide the requestor with the immunity provided by an opinion or formal written advice. (Section 83114; Regulation 18329(c)(3).)

Mr. John Mulligan Page 2

Because we do not have sufficient facts to provide a specific answer to your question, I hope the following general guidelines will be of assistance to you.

The Act defines contributions and expenditures to include all payments unless it is clear from the surrounding circumstances that they are not made for political purposes. (Sections 82015 and 82025.)

Commission Regulations 18215 and 18225 define the term "political purpose" to mean "...made for the purpose of influencing or attempting to influence the action of the voters for or against the nomination or election of a candidate or candidates or the qualification or passage of any measure."

If the expenditures incurred by the school district were for the purpose of conducting an informational session to acquaint candidates running for the school board with the educational needs of the district, and all of the candidates were invited to attend the meeting, the expenditures would not be considered expenditures for political purposes.

If you have additional questions concerning this matter please contact me at 916/322-5662.

Sincerely,

Kathryn E. Donovan General Counsel

Gentlemen:

On September 14, 1989, we conducted an informational meeting for candidates in the school board election in November. Those attending received printed materials (See Enclosure A). Several members of the Superintendent's Cabinet made short presentations describing current issues in their area of authority. Finally, there was a short question and answer period.

Mr. John Santoya, a school board candidate attended. His request for information regarding the meeting is included as Enclosure B.

I am requesting your ruling as to Mr. Santoya's contention that candidates must report all or some of the cost of this meeting as "in-kind" campaign contribution. Also, pending your response, how should candidates handle this item on interim filings such the one mentioned in Mr. Santoya's letter? Your timely reply will be appreciated.

Very truly yours,

John Mulligan

FRESNO UNIFIED SCHOOL DISTRICT ELEMENTARY EDUCATION

ELEMENTARY EDUCATION SUMMARY OF SIGNIFICANT ISSUES

I. The Elementary Division has a current enrollment of approximately 40,241 students housed in 57 elementary schools. For administrative purposes, these schools have been divided into four areas identified as west, central, east and yearround. Mr. Boyd Cline is responsible for the East Area schools; Mr. Michael Pratt manages the West Area schools, Mrs. Gloria Watts administers the Central Area schools and Mrs. Lois Harris-Perkins oversees the year-round schools.

The District also maintains one school (Ginsburg) for orthopedically handicapped students. Other Special Education services held on elementary school sites include programs for the hearing and visually handicapped, learning handicapped, pull-out assistance for students with minor learning disabilities and infant and preschool programs.

The Elementary Division has developed and maintained several specialty or magnet schools each emphasizing a different focus or approach. These alternative programs include Manchester for Gifted and Talented Education; Bullard TALENT, emphasizing the humanities; Turner focusing on Environmental Science; Lawless Foreign Language Program, Powers, Pyle and Wishon are Renaissance schools and Carver housing K-8 students.

Not all elementary schools operate on the same yearly calendar. One of our major goals for the Elementary Division is to have all year-round programs converted to one single 90/30 system by the 1992-93 school year. Phase one of the conversion will be completed in 1990-91 and phase two will be completed in 1991-92. At this time we have 17 schools on multi-track year-round schedules, two schools offer a traditional and year-round track and three schools function on a modified/traditional calendar from September through July.

Because of continued growth and the passing of Bond Measure A, four new elementary schools will be constructed. Construction is due to begin in the school year 1990-91 with completion of all sites by 1993. Site one will be located at Rowell/Thomas, site two at Glenn/Webster, site three at Millbrook/Thomas and site four at Peach/Church. In addition, property at Millbrook/Belmont is in the process of being purchased for the relocation of Hidalgo School currently located on property zoned for a freeway by Cal-Trans.

- II. One of the major goals and a top priority in Elementary Education is the Language Arts Program. A primary goal will be to assist teachers in utilizing an integrated approach to reading as well as assisting teachers in understanding the new Language Arts framework requirements. Heavy focus will be placed on the higher thinking and processing skills with emphasis on improving test scores for all students, particularly at-risk students.
 - A second major goal in the Elementary Office is the implementation of the District Action Plan created at the Superintendent's Retreat in August. Areas to be concentrated on are:
 - 1. All students can experience success
 - 2. Early Intervention Programs
 - 3. Student Performance
 - 4. Administrator Accountability
 - 5. Student Safety
 - 6. Special Education
 - 7. Additional Facilities

SECONDARY EDUCATION DEPARTMENT INTERDEPARTMENTAL MEMO

September 13, 1989

To:

Joe Lee

From: Dave McCauley

Re:

Board Candidates Informational Session

We are submitting the following information in response to your request of September 8, 1989.

Overview of Secondary Department

The Secondary Department is responsible for the implementation of district programs in the secondary schools of the district, i.e., middle schools, freshman school, all of the high schools and a number of special alternative programs which we will mention below.

Middle Schools 1)

Generally the middle schools of the district are composed of Grades 7-8, although there are some exceptions. We have 10 regular middle schools, but also a 7-12 magnet school which includes, of course, middle school level students and we have three K-8 programs which also include middle school students.

2) Freshman School

The district continues to operate one freshman school (Sequoia), which is relatively small and currently has approximately 600 students.

3) High Schools

The high schools generally include Grades 9-12. We have six regular high schools, and one specialty school, Duncan Polytechnical. Two of these mainline high schools include magnet programs, i.e., Edison/Computech and Roosevelt School of the Arts.

Board Informational Session Page 2.

4) Alternative Programs

This department also operates a number of alternative programs which attempt to accommodate students with special needs. They include the following:

- a. Opportunity School
- b. Continuation Programs
- c. Adult School
- d. Newcomers School
- e. Restart
- f. Summer Programs

5) Major Special Programs

In addition to all the above, there are some special programs that operate across grade levels and schools and they include the following:

- a. Vocational Education
- b. PACE (Parent and Child Education)
- c. PAL (Pregnant Adolescent Learning) Center
- d. Independent Study Programs

6) Major Department Objectives in Support of District Mission and Goals.

- a. Ensuring that all students achieve success (student achievement, self esteem, etc.)
- b. Proper accommodation of student growth, i.e., housing, other facilities and programs
- c. Improve parent and other community members' involvement in supporting education
- d. Improve student attendance and discipline
- e. Expand efforts to assist students, parents and community in resolving problems in the areas of drop-out rates, drugs, alcohol abuse, teenage pregnancy, sexually transmitted diseases
- f. The continued maintenance of safe campuses; closed campus, etc.

STUDENT SERVICES

The Student Services office is located at 2526 E. Hedges, next to the district computer office. The following district functions and services are administered through this office.

Administrator: Dr. William Booth

ATTENDANCE: Four attendance supervisors, plus one liaison are assigned by geographic areas to serve schools on an on call and emergency basis. The attendance supervisors make home calls working in coordination with the school's attendance office. Contact person: Bob Hill.

INTRADISTRICT TRANSFERS: District policy allows transfers from one school within the district to another for specific purposes. Basic decisions are made by the schools in question; appeals are handled through Student Services.

Contact person: Ruben Rodriguez

INTERDISTRICT TRANSFERS: Transfer of students from schools outside of Fresno Unified into the district and from the FUSD to schools in other districts are handled by the Student Services office. District policy and state laws govern the process. Contact person: Ruben Rodriguez

TRANSFER APPEALS BOARD: Appeal of any decision on intradistrict or interdistrict transfers may be made by applicants to the Transfer Appeals Board.

Contact person: Ruben Rodriguez

AFFIDAVIT OF RESIDENCE: Requests of citizens to have children live with a person, other than immediate family, during the school year. A notarized statement is needed from parents declaring that it is with their knowledge and permission that the student is living other than with his immediate family. State law and district counsel rulings govern the process. Contact person: Ruben Rodriguez

SCHOOL ATTENDANCE REVIEW BOARD (SARB): Severe attendance problems are considered by SARB which is composed of representatives from the FUSD and from community agencies. SARB attempts to resolve attendance problems when possible and may resort to the judicial system when parents do not cooperate.

Contact person: Position open-

EXPULSION/SUSPENSION: Violation of the Education Code in disciplinary areas may result in suspension (short term) or expulsion (long term) from school. Suspension is administered by the site administrator. Expulsion is administered through the Student Services office. Expulsion must be approved by the Board of Education after consideration by an administrative panel appointed by the board.

Contact person: Ed Kerber

CHILD ABUSE, CHILD CUSTODY, GENERAL DISCIPLINARY PROCEDURE QUESTIONS: Student Services office acts as a clearing house for information and in-service in the above areas. Contact person: Bill Booth

OPERATION STAY IN SCHOOL (OSIS): This program operates as a joint venture with the district and the Fresno Police. Students who are out of school during school hours are picked up by police and delivered to one of two OSIS centers. Parents are contacted or reasons for absence are verified and students are returned to school.

Contact Person: Ruben Rodriguez

STUDENT RECORDS: Nearly 1,000,000 sets of records for students who have attended FUSD from 1896 to 1989 are housed in the district's records repository located in the Student Services complex. The office, formerly known as BPA is presently converting to a computer indexing system in order to handle the growing volume of records.
